

Cohort 05 - Turno Mañana

Participante:

Matias Rodriguez.

Ejercicio JSON

```
{ "nombre":["Matias", "Ezequiel"],"apellido":"rodriguez","edad":"32","mascota":"si",  
"nombreMascota":"randal","raza":"siames","maldad":"falso","añosgatunos":"4"}
```

The screenshot shows the JSON Formatter & Validator website. The header includes the logo and navigation links: About, Learn, Bookmarklet, FAQ, Changelog, and Contact. The main area has a blue background with a white text box for input. To the left of the text box is a large white arrow icon and instructions: "Paste in JSON or a URL, drop a file, browse, or load an example to begin." The text box contains the JSON data from the previous block. To the right of the text box are three dropdown menus: "JSON Template" set to "3 Space Tab", "JSON Specification" set to "RFC 8259", and "Fix JSON" with a checkbox and a question mark. Below the text box is a blue "Process" button.
